	The MAILING DATE of this communication appears on the cover sheet with the correspondence address Period for Reply					
A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION. - Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication. - If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication. - Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. The amendment filed on 07/31/09 has been fully considered and made of record.

2. The rejection of claims 6-22 which was rejected in Office Action mailed on 05/07/09 under 35 USC 102; these claims are rejected under 35 USC 102 herein for substantially the same reasons as provided in the previous Office Action which is incorporated herein and made a part hereof.

Response to Arguments

3. Applicants' arguments filed 07/31/09 have been fully considered but they are not persuasive for the following reasons:

Applicants assert that the prior art Sakamoto et al do not teach the limitation of "mounting a chip electronic component including a ceramic sintered compact defining ..."

(Remarks, pages 8 and 9; Claim 16, line 3). In response, the claims are viewed in light of the specification and the claimed limitation "mounting a chip electronic component including a ceramic sintered compact defining ..." is construed as "mounting a chip electronic component including a whole ceramic sintered compact group (Fig. 1, 1) defining ..." where the prior art Sakamoto et al at a minimum teach the claimed limitation. Furthermore, with respect to the applicants' remarks on page 8 about the claimed limitation of mounting a chip electronic component without any bonding material not taught by the prior art Sakamoto et al, in response to these remarks, the examiner needs to emphasize that although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims, which

Art Unit: 3729

are judged with their broadest reasonable interpretation. Moreover, it appears that applicants fail to recognize the scope of the claims when judged in view of the prior art Sakamoto et al. (See MPEP 2111 and In re Geuns, 26 USPQ 2nd 1057 (Fed. Cir. 1993)).

Claims 17-22 stand rejected as carefully articulated in the previous Office Action and in view of the responses to the remarks above.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicants' disclosure.

THIS ACTION IS MADE FINAL. Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tim Phan whose telephone number is 571-272-4568. The examiner can normally be reached on M & Tu, 6AM - 2PM, and W & Th, 9AM – 5PM.
